

Centre of mining environment celebrated 5th June as an Environment Day. Several activities were carried out for environment cause such as:

### Campus Cleaning Drive

Under this it is desired to clean all the drains of the campus. The work started on the 5th June from the ISM canteen site and will continue for few weeks covering all the drains of the campus.

### Tree Plantation

Few plants of medicinal value, fruit bearing and timber yielding were planted in the Centre of Mining Environment and Fuel and Mineral Engineering department premises. The honourable Chairman, Ism, Mr. P. K. Lahiri was present to grace the occasion along with the Director, ISM and other faculty members including Prof. Gurdeep Singh, Head of Centre, Centre of Mining Environment.

### Sit and Draw Competition

Under this, like every year, this year too, sit and draw competition was organised in which around 90 students from nursery to std. X took part and expressed their views through their art.
